## **THE NEW FIRE STATION AT WINNISQUAM**

### **THE WINNISQUAM FIRE DEPARTMENT**

The largest part of the labor in this building was done by members of the Department and the money for materials and construction was raised about equally by donations from the good people of the communities served, and proceeds from activities sponsored by the Department.

Organized July 20 1942

Incorporated June 22, 1950

Building Construction Started Sept. 15, 1950

## TOWN WARRANT

---

### THE STATE OF NEW HAMPSHIRE (Tentative)

To the Inhabitants of the Town of Sanbornton in the County of Belknap, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Sanbornton on Tuesday, the eleventh day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray the Town Charges for the ensuing year and make appropriations for the same.
3. To see what action the Town will take upon the Budget as recommended by the Budget Committee.
4. To see if the Town will vote to authorize the Selectmen to hire such sums and amounts of money as may be necessary to defray Town Charges in Anticipation of Taxes.
5. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds. Two woodlots one near Meredith Line and one at Hopkinson Hill are available.
6. To see if the Town will vote to raise and appropriate the sum of Thirteen Thousand Five Hundred dollars (\$13,500.00) for Maintenance Highways and Bridges; Six Thousand Five Hundred dollars (\$6,500.00) to be allotted to Summer Maintenance, Seven Thousand dollars (\$7,000.00) to Winter Maintenance
7. To see if the Town will vote to raise and appropriate the sum of Three Thousand dollars (\$3,000.00) for the purpose of oiling black top roads.
8. To see if the Town will vote to raise and appropriate the sum of Two Thousand dollars (\$2,000.00) for permanent road improvement; namely construct a salt shed and purchase and lay tile for drainage.
9. To see if the Town will vote to accept and raise and appropriate the sum of Nine Hundred Eighteen dollars and seventy-six cents for Town Rural Aid. (TRA). (\$918.76)

10. To see if the Town will vote to raise and appropriate and make available, the sum of Five Hundred dollars for the Sanbornton Fire Department. (\$500.00).
11. To see if the Town will vote to raise and appropriate the sum of Six Hundred dollars (\$600.00) to open and maintain a Town Dump on the so-called Poplar Road in the Winnisquam Area.
12. To see if the town wiwill vote to raise and appropriate the sum of Two Hundred and Fifty dollars (\$250.00) and make the same available for the Library Trustees. By request.
13. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Dollars (\$25.00) for Memorial Day. By request.
14. To see if the Town will vote to raise and appropriate the sum of Fifty dollars (\$50.00) for Old Home Day. By request.
15. To see if the Town will vote to raise and appropriate the sum of One Hundred Fifty dollars (\$150.00) for Band Concerts. By request but not requested by any member of the Band Organization.
16. To see if the Town will vote to raise and appropriate for the purpose of making a payment on the Grader Note, the sum of One Thousand dollars (\$1,000.00)
17. To see if the Town will vote to raise and appropriate the sum of One Hundred dollars for the Laconia Hospital. (\$100.00). By request.
18. To see if the Town will vote to raise and appropriate the sum of Fifty dollars (\$50.00) for the Franklin Hospital. By request.
19. To see if the Town will raise and appropriate the sum of Five Hundred dollars (\$500.00) to the Winnisquam Fire Department for the purpose of maintenance and operation of the Department. By request.
20. To see if the Town will raise and appropriate the sum of Twelve Hundred Fifty dollars (\$1,250.00) to the Winnisquam Fire Department toward the purchase of a new fire truck. By request.
21. To see if the Town will vote to raise and appropriate the sum of Four Hundred dollars (\$400.00) for the eradication of White Pine Blister under supervision of the State Forester. By request of the State.
22. To see if the Town of Sanbornton will vote to raise and appropriate a sum of money to repair the Collieson road, so called. By request.

23. To see if the Town will vote to raise and appropriate the necessary amount of money to install two (2) street lights in the bride end of Sanbornton Bay Road; one to be located on pole No. 2 on Sanbornton Bay Road near Route 3, one on pole 15 opposite Radio Tower on curve near pine grove. By request.
24. To see if the Town will vote to raise and appropriate the sum of One Hundred Sixteen dollars (\$116.00), on one-hundredth of one percent of the town's valuation, for the Lakes Region Association.
25. To see if the Town will vote to raise and appropriate the sum of One Hundred dollars (\$100.00) to be used in conjunction with a similar appropriation from Tilton and Belmont, for the purpose of placing a suitable plaque, on, and dedicating the bridge at Winnisquam as a memorial to veterans of all wars; said dedication to be held during Old Home Week in August 1952. By request Selectman Philbrick of Belmont.
26. To see if the Town will vote to close the following sections of roads subject to gates and bars: From Shaw Hill to Franklin Line; from Old Fair Ground Corner to Leon Griffin's; and from Marshal Shute Place to Irene Lowe Whitney property.
27. To see if the Town will vote to approve of the State reclaiming the old road bed or suitable substitute running parallel to the old road bed, from the Gacsh property to Howard Weeks'. This section is now under T.R.A. construction of the State.
28. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this sixteenth day of February, in the year of our Lord nineteen hundred and fifty-two.

**Problems and Answers of the Smelt Patrol****Actual Cases**

- No. 1—Mr. Horner had a parking and traffic problem. He was advised to string a wire with a "No Trespassing" Sign on it across his driveway. We had no further trouble at this point. Mr. Horner was very cooperative.
- No. 2—Mr. Hydren telephoned that cars were blocking his driveway and walking across his shrubbery. Checked with Trooper George McKeagney. Talked with several smelters and were promised their cooperation. Checked frequently the rest of the season. Had no further trouble.

No. 3—Received indirect complaint from Elwin Chesley. Unable to get to his camp due to heavy traffic. Also smelting from his lawn in front of his cottage. Called in and had talk with Mrs. Chesley, and she seemed quite pleased that we were patrolling the lake property. Her chief complaint was that traffic from Black Brook to the entrance to their camp delayed their getting into camp. After investigation, at no time to our knowledge, in spite of frequent patrolling of the Chesley property, was there any smelting done directly in front of the cottage except by permission of the owners.

The patrol also assisted the State Police on Friday and Saturday nights when the traffic was heaviest, in stopping all cars coming into the area and advising smelters not to build fires or damage property. During the season, there were several fires that were discovered and were put out by request. All of these were started due to the fact that someone had either fallen into the lake or had gone over their boots and were trying to get dried out.

Although the woods were closed approximately one week during smelting season, it was surprising the number of smelters, claiming no knowledge of any woods ban, that were requested to leave by the wardens and smelt patrol.

After patrolling the lake for two smelting seasons, and talking with State Police, Fish and Game wardens, and a large number of property owners, and smelters themselves, we are of the opinion that the situation has greatly improved.

(Signed) William E. Harper,  
Charge of Smelt Patrol

**Sanbornton Fires Attended by Winnisquam  
Fire Dept.**

- 1.—Feb. 9, 1951, Hersey Place, 10:00-11:30 p.m., 18 man hours.

## REPORT OF THE FIRE CHIEF

---

We are pleased to report that with the money made available to us at the last Town Meeting, we were able to purchase a 650 gallon tank truck, install a cross chassis pump, and rebuild the truck into a fine piece of fire fighting equipment.

Through the sale of the Fire Extinguishers, we were able to earn enough money to paint the truck and buy small pieces of needed equipment.

Our fire house has been our major problem but through the generosity of the Firemen in giving liberally of material and their time, we have made splendid progress.

The time contributed by the Firemen amounts to over 460 man hours.

Much more work will have to be done as soon as weather permits.

The Fire Department has responded to eight calls during the past six months, ranging from chimney to building fires.

We feel there is a definite need for hand tools to fight forest fires, and we are asking the Voters to raise a small amount each year for this purpose until an adequate supply can be purchased.

We wish to publicly thank the Winnisquam Fire Department for housing our Fire truck in their warm station this winter. It is a definite contribution to the Town of Sanbornton.

Respectfully submitted,

(Signed) George S. Currier,  
Fire Chief.

**Report of District Fire Chief and Forest Fire Warden****Only YOU Can PREVENT Forest Fires**

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands.

When YOU fail to secure the required permit from your local forest fire warden before burning.

When YOU are careless in smoking near woodlands.

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway.

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER—the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

Only YOU and YOU and YOU can prevent forest fires!! Will YOU help?

**1951 Fire Record:**

Number of fires: 0

Acreage burned: 0

No. fire permits issued: 63

THOS. J. KING,  
District Fire Chief

GEORGE S. CURRIER,  
Forest Fire Warden

## REPORT OF SANBORNTON PUBLIC LIBRARY

---

We are fortunate in having as our Librarian, Mrs. Nathan T. Morse, Jr., who is rendering a very efficient service, and we take this opportunity to express our appreciation for the cooperative spirit she has manifested in working with the Trustees and patrons of the Library.

In 1948 we loaned 1156 books; in 1949, 1299; in 1950, 1580 and in 1951, 2013. This comparison indicates that there is an increasing interest in the use of the Library. Because during the past year 1524 of the 2013 books loaned were taken out by children and young people, we have procured more books for those age groups.

We have purchased 134 books and have received gifts: "Handcrafts of New England" and other books from Mrs. Eva B. Lauder, "The Peabody Sisters of Salem" given in memory of Mrs. Harriet Currier, "Birds of America" given in memory of Elmo C. Weeks, the complete works of Robert Louis Stevenson in 10 volumes, and Essays of Ralph Waldo Emerson, the 1st and 2nd series, from Mrs. William B. Fellows. Other donors have been The Franklin Public Library, Mrs. H. W. Sanborn, Miss Grace Pimer, Mrs. Mildred L. Coombs, Miss Margaret Cobb and Mary Sue Morse. Mrs. Edith M. Prouty presents the Library with The Readers' Digest and The National Geographic Magazine. We are very grateful to all who have added good reading to our Library shelves.

ANNETTE C. LARSON,

GEORGE W. H. GILMAN,

CLARIS H. BODWELL,

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Sanbornton:

I herewith submit my second annual report as your Superintendent of Schools:

Each year brings with it new problems. During the past year we have seen considerable evidence of moral decline in politics, scandals in the field of athletics, and attacks on some school systems in America. With each of these new problems comes a responsibility for the school. Your school is facing this responsibility well. Before the opening of school in September a two-day workshop was held on the theme "Teaching of Moral and Spiritual Values in the Public Schools." Your teachers attended and participated in this very profitable two days. The children of the Sanbornton schools have been able to reap the harvest of this workshop. The school is pointing out the right way of action and thought to your children. The teachers are doing their utmost to see that good foundations are laid for the fundamentals of education.

Events are unpredictable at times. Last year it was the judgment of the Superintendent and the Board that Sanbornton could operate its schools with three teachers for the year 1951-52. All indications, then, pointed to an enrollment of 82 pupils. Imagine our surprise when on opening day 105 pupils enrolled! This, of course, necessitated an additional teacher. We were most fortunate in obtaining the services of Mrs. Eugenia S. Carroll of Franklin. Mrs. Carroll brings to the school system many years of experience on the junior high and upper grade levels. The children in the junior high grades have grown steadily under her watchful leadership.

Mrs. S. Katherine French, teacher of the upper grades, was appointed Principal of the Central School in the place of Mr. Glenn Chaffee whose position was abolished the previous year. Mrs. Anne P. Abbott in the Primary Room and Mrs. Annette Larson in the Intermediate Room continue to do exceptionally good work with the children in their charge.

Your children are being provided a well balanced instructional program at the Central School. The cut-of-door activities have been hampered by the nature of the land upon which they must play. The addition of the swings and teeters by the Parent Teacher Association is greatly appreciated and has been one means of filling some of the outdoor play need. I wish to call your attention to the land in the rear of the building where it was hoped a playground could be developed.

Last year the area was filled in with sand and gravel to the amount included in the budget. The spring rains and freshets washed it away. It had been our hope that this work could be done a little each year. It is now apparent that this approach will not solve the problem. Considerable work must be done before the land will become suitable for a play area. The terrain must be levelled off, the water runoff diverted, and landscaping done to improve the appearance and disability of the land. The budget which the Board is presenting to the Budget Committee contains a figure of \$2,000 for the purpose of developing this area to a point where it will be made into a usable play field. I hope that it will be possible to do the work during this school year.

I could list manythings in this report concerning the schools and the activities of your boys and girls. Instead of writing them I had rather invite you to visit the school and see the activities at first hand. You will see that your children's needs are being met.

In closing this report I wish to express my appreciation to the Board, teachers, Parent Teacher Association and the citizens of Sanbornton who have cooperated so well in the work of the schools. May our future years be as pleasant and fruitful as have been the past.

Respectfully submitted,

FRED W. SNELL

Superintendent of Schools

January 18, 1952

**SCHOOL NURSE REPORT**

---

To the Superintendent of Schools:

Leaders in the fields of education and public health have for years considered the health of school children as an area of prime importance to society. Realizing that the health and happiness of society depend on its future citizens—the children in the schools, they have subscribed to the time-honored goal of so educating the child that he might have a healthy mind in a healthy body. The experience and research of recent years have confirmed this position and pointed out more clearly the intimate connection that good health has with the personal and educational success of the school child. This is seen particularly when certain physical disabilities prevent the child from reaching the maximum level of his efficiency. In this connection, visual and auditory defects are outstanding and call for special consideration. The ears and eyes can truly be called the windows of the mind and, in altogether too many cases, failure in school work can be attributed to the fact that they are not functioning properly. Diagnosis of defects in these areas becomes then of significant importance.

For the past two years we have been using in the Sanbornton schools a highly diagnostic instrument for revealing eye defects. This instrument is known as the Massachusetts Vision Test. With the aid of this test we were able this year to give a very complete visual examination to 125 children.

Deafness or impaired hearing may be congenital or acquired. More frequently it is caused by adenoids, diseased tonsils, such infectious diseases as scarlet fever and measles, foreign bodies localized in the ear, and finally by hardening of the ear wax. While certain symptoms have in the past been used as a basis for determination of auditory defects, of late much more precise instruments have become available. One of these, the Puretone Audiometer has been in use in the Sanbornton schools since 1948 and has proven extremely useful in detecting hearing difficulties.

Tuberculosis in children rarely manifests itself in the usual symptoms found in adults, namely, lowered vitality, loss of weight, persistent cough or general weakness. In most cases the disease develops very slowly and does not cause trouble until adolescence or early adulthood. Diagnosis, however, in the early stages is very important. Fortunately early diagnosis is now possible through the development of what is known as the Tuberculin test. This is a skin test, harmless, yet very diagnostic. Where this test indicates a suspicious condition, an X-ray picture of the chest is taken for confirmatory evidence.

During the past year the Tuberculin Skin Test was given to 17 pupils of the Sanbornton schools. As in the past, all children who react positively to the skin test are X-rayed at the Chest Clinic held in Laconia.

An important factor in the healthy growth and development of children is freedom from such communicable diseases as measles, diphtheria and scarlet fever. Every child should be given the preventive treatments that are available. No child should enter school without having been successfully vaccinated against smallpox and immunized against diphtheria.

Constant vigilance plays an important role in health care. To this end classroom inspections were held at frequent intervals during the year. The children were weighed and measured three times during the school year and a report of the findings sent home. Medical inspection was given to 90 children by the school nurse.

Parents today are realizing more and more the importance of dental care. This applies particularly to the care of baby teeth, since if these are neglected, the permanent teeth suffer also. Prevention is the watchword in dentistry today. A dental clinic was held during the year with Doctor M. E. Sargent of Franklin in charge. Twenty-five children attended the clinic. Twenty children went to their own dentist.

The advancement in the field of physiotherapy has verified the important part that it plays in the treatment of many physical defects which if left untreated may lead to serious handicaps. Good posture is one of the many aims of physiotherapy. On the other hand, poor posture may be a sign that the child needs a careful and complete medical examination to discover the underlying cause. Two children have attended the orthopedic clinic held in Laconia at frequent intervals during the year.

The health program of any school has two chief objectives. The first is to develop within the pupils a greater appreciation of and a desire to conserve and protect their own health. The second is to lead parents, teachers and the community to a recognition of the role that the school can play in the betterment of the health of both home and community. These two objectives have not only been recognized but in large measure achieved by the cooperative efforts of all who are interested in the health program of the Sanbornton School.

I wish to express my sincere gratitude to the Sanbornton School Board, Mr. Snell, the teachers, parents and pupils for their wholehearted cooperation during the past year.

Respectfully submitted,

MARION G. MOYNIHAN, R. N.

# BUDGET OF THE SANBORNTON SCHOOL DISTRICT

## EXPENDITURES ITEM

### Administration:

Salaries of district officers  
Supt.'s salary (local share)

School Board of Sanbornton

**Report of Sanbornton Central School  
Building Committee**

July 1, 1947—July 1, 1951

The building committee was authorized to supervise the building of a grade school by the vote of the district in March, 1947, and by subsequent votes as the plan was developed. We have attempted to carry out the votes of the district, always keeping in mind the taxpayer as well as the welfare of Sanbornton's children. Many citizens have given able assistance which is sincerely appreciated. The committee feel that they owe special gratitude to the architect, Irving Hersey of Durham, and to the law firm of Nighs-wander and Lord for the able advice and assistance given by both.

When it became necessary for the American Fidelity Bonding Co. to assume the direction of the general contract, tedious delays were encountered. These added no extra expense to the taxpayer, except the small additional amount paid for legal advice which the committee felt was necessary to protect the district's interest. It did add to the amount of time devoted to the project by the committee and by the architect. The architect made no extra charge as he might have done under the terms of our contract with him. The sub-contractors were unduly hampered but cooperated, for the most part, willingly.

By June 30, 1951, payments from the building fund were completed and the committee's work was finished. We take pleasure in presenting this building to the district and its children. Early in our planning it became evident that the fund would not be sufficient to complete the building satisfactorily and complete the grounds as the committee felt they should be. We chose to complete an adequate building with the hope that the grounds may be finished at a date not too far distant.

**Complete Financial Statement of the  
Building Committee**

July 1, 1947—July 1, 1951

Receipts

## PROPERTY ASSESSMENT LISTINGS

This Assessment List shows why a re-valuation by the State was advisable.

The following property valuations do NOT necessarily represent the total amounts that the individual tax levies are based upon. Stock-in-trade, portable mills, boats, livestock, etc., are not included. The property valuations include all land and buildings, in many instances town and camp properties are combined where both are owned by the same party. In making property assessment valuations, the location of the property, shore as well as town, should be taken into consideration; the condition of buildings as to construction, inside and out; number of acres or lots, condition of fields, lots, and orchard land also enter into the assessment. The following assessment valuations have not had Veterans' Exemptions deducted, where allowed. This Listing is merely the assessed property valuation of the individual and NOT necessarily the amount on which the tax levy is made. In some cases, the amount of property represented is only a third, half, or part interest, assessed to one person.
